Affiliations

Westchester Referee Soccer Organization, Member

08/13-7/16

HackSU, Leader

08/16-present

- Student run computer programming organization with a focus of exposing students to programming skills that they will not acquire in class as well as networking students in the technological fields with one another.
- Within the organization, I help out with teaching the weekly lessons, assisting students, teach 1 on 1's to any member that needs extra help, network with sponsors, contributed to the organization of the upcoming hackathon, and contributed to the front-end development of the Kent Hack Enough website.
